SCHEDULING & AVAILABILITY

I am available for a limited number of school visits, library story times, and other events from April to October. Contact me by email for current availability.

SLIDING SCALE

Often the schools and libraries that would benefit most from an author visit are the least able to afford an author's honorarium. Because of this, I endeavor to work with schools and libraries on a sliding scale.

If my standard rates are beyond what your institution's budget can afford, we can probably work together to establish a rate that meets your institution's circumstances. Please do not hesitate to ask about this option!

BOOK SALES & SIGNINGS

I do not normally bring copies of my books to sell at my events. However, many schools and libraries choose to work with a bookstore or distributor to order and sell my books as part of my visit. For information about book sale options, please see my "Book Order Information" handout.

I'm happy to sign books that are sold before or during an event, as well as any that are brought to the event.

Sample School Visit Book Order Form (1 page)
Rev. September 2016

I do **not** bring copies of my books to sell at my school visits and library events, nor do I arrange pre-orders for the schools that I visit. However, many schools and libraries that I visit choose to pre-order and sell books as part of my event. Some schools and libraries have an already established or preferred method by which to order and sell the books (such as through a book distributor or a library vendor). But if your school or library doesn't already have a way to obtain the titles, here are a couple of options.

One option is to contact your **Favorite Local Bookstore**.

The bookstore can work with you to place a pre-order. For libraries and other similar venues, the bookstore may be able to come to your location to do on-site sales before, during, or directly after the event. You should ideally contact the bookstore a month or more before the event, to work out details, pricing, and ordering timeline.

Another option is to order from my **Book Publishers**.

You'll want to make initial contact with the publishers several months ahead of the event to determine when you'll need to place your order. Discount pricing may be available, depending on the size of your order. Be sure to ask about payment, sales tax, shipping, and returns issues.

Contact information changes over time. If any of the phone numbers or emails listed below do not work for you, please contact me (deborah@deborahdiesen.com) and I will look into it and update.

- At times, **Scholastic** has had paperback versions of some of my books. To find out more about availability and ordering, contact Scholastic at 1-800-724-6527 option 0.

For all school visits, you'll want to be sure to time your student pre-orders so that the books have all been received at the school prior to the date of my visit. I will sign the day of my visit.

On the next page is a sample **School Visit Book Order Form**

Many schools create their own book order form, but you're welcome to use the form on the next page as a basis for your form. For a Word document download of the form, go to my web site Events page and click the "book orders" link. To adapt the form for your school:

1. If the download of the form looks like gobbledygook or has weird formatting issues, let me know. I can send the file to you by email.
2. Adjust the form to include only the books you're ordering and selling.
3. **Update the pricing information** to reflect the price information provided to you by your book source(s).
4. Add details such as the author visit date and to whom checks should be written.

**Author Deborah Diesen will be visiting our school on [date]
Pre-orders for signed books are due [date].**
