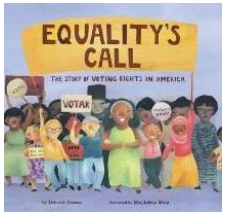
Compare Voting in Your State to Voting in Other States



Select two states that are in different areas of the country from your state. For the three states you're comparing, visit each state's Secretary of State page (or Secretary of the Commonwealth page) and use the information there to complete this form.

You may also use other informational sites to find this information (make note of which ones you use). If you are not able to find all the answers, just fill in what you're able to find.

	Your state: _____	Comparison: _____	Comparison: _____
State population
